Teen Photography Club is a unique opportunity for teenagers 13-18 years old.

In teen photography club young photographers come together to share their passion for photography. They'll share technical advice, constructive feedback on their photo's and get an opportunity to spend some time with other teens who share the same interests.

**Teens do not have to be a member of the Guild, BUT** a membership allows for teens to hang their works....

*Are you interested in becoming a member of the Ocean County Artists' Guild?*
